# THE POWER OF HOPE

*COVID-19 posed a number of new challenges in the 2020-2021 school year, but we were ready to meet them head on with a positive attitude (and many, many face masks)!*

When the pandemic hit in March of 2020, students across Canada had to adjust to a slew of new rules and regulations.

Mandatory face masks, stay-at-home orders, social distancing, online learning... everything this year threw at them, they took in stride while continuing to excel in academics and maintaining school spirit.

Above all, students displayed maturity, generosity and positivity throughout — we were so inspired, we chose "hope" as our first-ever Spring Journal theme!

We could not be more proud of our students for proving, time and time again, that there is no problem that can defeat hope.

OPTIMISM IS THE  
FAITH THAT LEADS  
TO ACHIEVEMENT.  
NOTHING CAN BE  
DONE WITHOUT  
HOPE AND  
CONFIDENCE.

Due to this pandemic that is effecting everyone's lives, many of us have the tendency to focus on the more negative parts of our life. We try to reach something that is unattainable, such as answers to when normal life will resume.

Because it is unreachable, it gives us excuses to be unmotivated, sad, and hopeless.

We must be more grateful for what we have and appreciate the small things in life as we try to improve as a society, nation and world.

Title : Dear Teacher,

My hope is "less homework." I cannot play before I finish my homeworks I want to watch Youtube.

**H**ello teacher, how much homework do we have today?

**O**hh, really? Do we have six homework tasks?

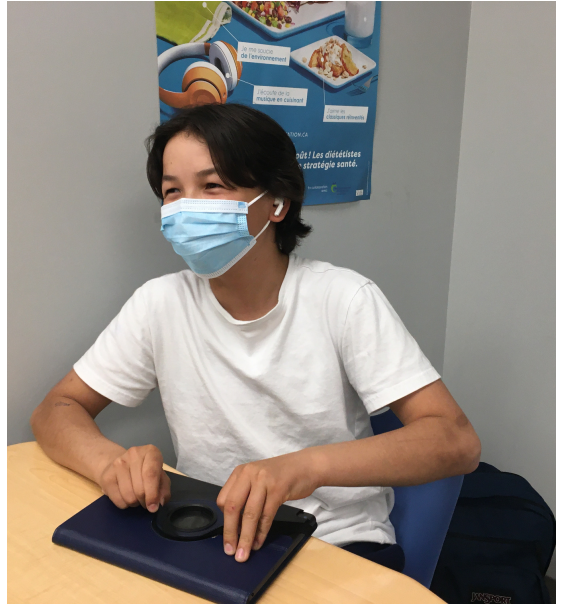

**P**lease, we hope you give us ...

**E**asy easy homework.
